LET THE GOOD WORK GO ON

In another column of this issue appears a petition signed by a number of the leading citizens of this city and county, calling upon all local organizations to seriously consider the facts mentioned in same. In the petition the fact is brought out that all mental and moral development depends largely upon physical development and calls the attention of our citizens to the fact that some provision should be made for the physical welfare of the growing boys and girls of this community. The petition was circulated by students of the City High School, and should be carefully read and considered. The points brought out in the petition are indeed good food for thought.

CORRESPONDENCE

Hope

Mrs. L. A. Stephens, who has been sick for some time is able to be out again.

Mr. J. M. Jones, of Ashland, has been with his parents, of this place the past week.

Mr. Charles Tapp and Anna Dray, away were in Mt. Sterling Friday.

Mr. Rhodes Hart, who has had the "flu," is able to be out again.

Miss Max Jones, who has had the "flu" for some time, is slowly improving.

Mt. Clara Raffit and family, who have been sick, are reported some better.

Miss Edna Rogers has been confined to her room the past week with the mumps.

Camargo and Vicinity

The many victims of the "flu" are recovering steadily at this writing, with few, if any new cases.

The condition of roads, especially over pike, is causing much anxiety from those who use it in any manner. We are all aware of the damage done by autos on any pike, but at present the pike has the best of any argument with an auto, both are "going fast" the auto quite lame and in distress.

The writer is not familiar with the new auto tax law for road purposes, but entertains grave doubts as to how much of the 60 cents per horse power ever actually reaches the pikes in rock or gravel. This should prove a good law if its application will permit not less than 50 per cent. of the proceeds in actual road improvement, by not using too much red tape. A just way to distribute this tax would be either by mileage contained in each county, or each county will use all its own license on a pike mileage basis so all could be served.

Mrs. Dave Campbell, who has been ill some months with tuberculosis, passed to her reward Saturday night. Mrs. Campbell leaves a husband and four children, Mary Belle, William, Charles, and Leslie. All have the sympathy of the entire community in this hour of sadness.

Born to the wife of Edgar Bridges, March 10th, a daughter. Mrs. Bridges remains at this writing in a very critical condition.

Mrs. Lucinda Turley, wife of Will Turley, who has been dangerously sick for some time, is growing worse daily with little hope of improvement.

Brack Congleton and John Palmer have returned from Indiana and Ohio. Mr. Congleton bought a farm of 100 acres in Ohio near the Montgomery county, Kentucky, settlement started by the Ledford family. Mr.

Congleton and family will move there at once to live. We commend them to their new neighbors as worthy citizens.

Mrs. Mollie Bridges remains most of the time at the bedside of her daughter, Mrs. Louise McKenna, who is critically ill at her home at the Levee.

At the Congleton sale Saturday a cow and calf brought \$150, a small pair of mules, #215 and a three-year-old mare, #136.

Mr. George Halley has bought 139 acres of land in Ohio. His son-in-law, Harlan Nickell and family will move to it to reside in the near future. May success crown your every effort, Harlan.

Pepto-Mangan Makes Rich Red Blood

Helps Restore Thin, Run-down Men and Women to Vigorous, Full-blooded Health

Recommended by Physicians

Sold in Liquid or Tablet Form—The Name "Gude's" the Guide to the Genuine

It is a true saying that your health is only as good as your blood. Good, rich blood manifests itself in a healthy, natural complexion; clear, keen eyes; tireless energy and enthusiasm, and an abundant supply of reserve strength.

And just as positively does poor, thin blood directly influence the entire system. Pale, sallow complexion; dull eyes; listless step; languidness; tiredness; wornout feeling; general dejectedness and unhappiness—all are positive signs that the body is not receiving its proper nourishment through the blood.

Pepto-Mangan helps restore vigorous health, because it contains the very elements so much needed by the blood to enable it to perform its functions and supply the body with nourishment, energy and strength.

For your convenience, Pepto-Mangan is prepared in tablet as well as liquid form. Both possess exactly the same medicinal value.

There is but one genuine Pepto-Mangan, and that is "Gude's." If the name "Gude's" is not on the package it is not Pepto-Mangan.—Advertisement.

Wednesday will be the 42nd anniversary of the Rev. Father B. J. Koth's ordination into the priesthood.

J. R. Lyons, Mt. Sterling, Ky.

SHANNON STOCK CO.

Popular Superior Company Will be at the Taft Theatre Tuesday Night

On Tuesday night the famous Shannon Stock Company will present the great New York Comedy success "Johnny Get Your Gun," the Criterion Theatre's greatest success. This company was first produced by John Cort at the Criterion Theatre in New York, was written by Edmund Lawrence Burke and later revised by Dorothy Dandy and as a comedy-drama it stood all New York on its ears. Mr. Burke had a few ideas. He has centered his story on the motion picture studio of the California coast.

This youth brought into the society of the East, proved a riot of fun and cheer, with the added novelty of the motion picture studio of the California coast.

"Johnny Get Your Gun" ran for a year in New York before it was sent on the road, where it duplicated its success.

The Century Play Company, of New York, secured the rights and now Manager Harry Shannon has secured it for the Shannon Stock Company. Harry Shannon, Jr., will be seen in the leading role of "Johnny." "Johnny Get Your Gun" was easily the biggest hit of the New York season 1917. It has never been shown at less than a \$2.00 price until this season when Manager Harry Shannon secured it for the Shannon Stock Company. Elaborate new scenery is carried for the production.

The Shannon Concert Band and Orchestra is one of the features of the show.

Free hand concert in front of the Taft Theatre at 7:15 Tuesday night.

COUPLE MARRY HERE

John T. Lewis, of Virginia, and Miss Irene Flannigan, of Beattyville, eloped to this city and were married at the Baptist parsonage this morning by the Rev. R. C. Goldsmith.

Printzess

A Revue of Printzess Spring Styles
For Printzess Week

PRINTZESS designers have chosen rich, new materials in all the latest and most fashionable shades to harmonize with the many original models in PRINTZESS coats and suits. They subtly portray the graceful lines of the new silhouette in a diversity of exclusive styles.

The out-of-door girl can be exceedingly happy in a swagger heather Jersey suit, which may also be worn to business with perfect propriety. Dressier models of Navy Blue Serge, Wood-Brown, Tri-cotone or Sand Color Poiret Twill adapt themselves beautifully to

more formal occasions. And one simply has to thrust one's hands into the pockets of the jaunty sport coats of English Tweed or soft Natural Polo Cloth and "strut" a little for pure joy.

We are holding a complete showing of these charming PRINTZESS models during the week of March 15-20. We cordially invite you to visit our store that you may see for yourself why the PRINTZESS label in a coat or suit assures the wearer of "Distinction in Dress."
